

REMARKS

In the Office Action mailed April 25, 2006, claims 1 and 5-8 were rejected under 35 U.S.C. §102(b) as being anticipated by U.S. Patent No. 6,326,286 to Park et al. Claims 9-10 were rejected under 35 U.S.C. §103(a) as being unpatentable over Park et al. in view of U.S. patent number 5,304,357 to Sato, however, the Office Action Summary was printed stating that claims 5-10 were rejected and text on page 5 of the Office Action cites reasons why claims 5-10 were rejected.

Claims 2-4 and 11 were objected to as being dependent on a rejected base claim but allowable if they were to be re-written to include all of the limitations of the base claim plus limitations of any intervening claims.

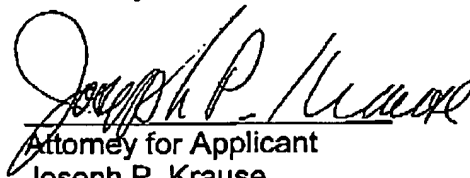

As can be seen above, claim 1 has been amended by adding to it, the limitations of claim 2, which previously depended from claim 1. Claim 2 in turn has been cancelled.

Claims 3 and 11 have been amended so that they depend from an allowable claim.

In light of the Examiner's findings regarding the allowability of claim 2, the Applicant submits that adding the limitations of claim 2 to claim 1 makes claim 1 allowable over the prior art. Accordingly, claim 1 and all claims that depend from claim 1, including claims 5-10, are now in condition for allowance.

Reconsideration of the claims is therefore respectfully requested.

Sincerely,

Attorney for Applicant
